Hi Scott,

I noted that Carl declined to meet tomorrow.

Anyway, I used your edited document and made a couple of minor changes (also added requested info) – see what you think.

And – I sent an email to Richard Payton requesting the current WY-UGRB ozone DV for 2011 – 2013 with an idea for 2012 – 2014 and thoughts on what things may look like for 2013 – 2015. Richard was great (as always!) and provided the below table:

Years	UGR NAA DV, ppb
2005-2007	72
2006-2008	80
2007-2009	78
2008-2010	78
2009-2011	78
2010-2012	80
2011-2013	78
2012-2014	64

Thanks!

Tim

Tim,

Hope you had a good weekend. I made some edits in the attached. Take a look for now and we can discuss when I get in the office later this morning.

Thanks,

Scott

Hi Scott,

Here's a revised version of your document (and thanks much for that first pass!) with some additional language/info. Likely there is more than needed in my version and too, I would need to check into the current format for Callie's briefing documents.

Please see what you think and do add any edits/comments/suggestions.

Think when we get it in better shape we'll need Carl's, Sara Lauman's, and maybe the NEPA program's review.

Thanks!

Tim
